Passionate and innovative Full Stack Web Developer with a Web Development certificate from the University of Utah. Strong ability to design, build, and maintain websites from conception to production. Motivated employee with years of team experience and complex problem-solving skills. Seeking to use proven analytical, technical, and programming skills to develop solutions that exceed expectations.

Professional Experience

Frontend: HTML5, CSS, React, JQuery, Javascript, Bootstrap, Handlebars, Responsive Design
Backend: MySQL, MongoDB, GraphQL, Express, ReactJS, Node, REST, APIs

Projects

SubscripZen   Developer
GitHub: https://bit.ly/3qFgPUx | Deployed: https://bit.ly/3FzbLoY
- An application that allows users to easily keep track of online subscriptions
- Made use of the MERN Stack, GraphQL, and designed with a stylish UI. The idea was executed from start to finish with minimal help from others.

Ethical Social Media   Developer
GitHub: https://bit.ly/3qD3bkG | Deployed: https://bit.ly/3A9gnBb
- A take on a whimsical social media platform
- Utilized SQL, node, and REST APIs for the back end and handlebars and JavaScript for the front end. Designed the database and implemented the back-end of the code.

Professional Experience
